CLIENT TESTIMONY

"Your report and insights were very helpful in the development of the lines of defense."
- Mary Pat Gallagher Esq.

"We got a Plaintiff's verdict. \$1.2million. Thanks again for all your help."
- The Gold Law Firm LLC

"We retained Jerry Birnbach in a difficult trip and fall case involving a merchandise display riser in a retail store. Prior to Jerry's involvement the Defendant was offering no money on file.

Jerry reviewed the materials we provided the materials we provided him, and within a short period of time returned a report outlining many actions that store could have taken to prevent the injury.

Jerry's report was instrumental in settling the case. His work was expedient, professional and reasonably priced for an expert with his extensive background in retail design and retail safety. I would happily use him again if the circumstances warranted."
- James P. Crawley
